BRINGING VISION TO LIFE

REBUILDING LIVES.

The White Shadow Foundation is an Australian public benevolent institution based in southeast Queensland. It exists to serve the disadvantaged and marginalised in the areas we've identified as critically important in local communities. Namely; *domestic and family violence, parental alienation, child protection* against sexual abuse, *mental health, acute homelessness*, and *single mothers* experiencing hardship caring for their newborns. Our charitable purpose sees us working on the frontlines throughout the Redlands, Brisbane, the Sunshine Coast and south to the Gold Coast.

GIVING SOLUTIONS

LOCALISED PHILANTHROPY.

We extend you an invite to join our Community Champions Circle. An exclusive group of 30 local businesses that are making a real difference in our local communities. With thoughtful giving strategies in mind, the collective group have achieved high levels of success in their chosen fields, and are now giving back each year to leave a generational legacy.

The Community Champions Circle takes the pressure off individual donors and enables us to multiply the group's generosity 100x – creating brighter futures, large scale social impact and changed lives for the greater good. Leaving inspirational pathways and goodwill for future generations, the group lead by example, and help position The White Shadow Foundation with a strong financial springboard towards all we hope to accomplish.

Our Deductible Gift Recipient endorsement serves as the backbone to strengthening the life-saving initiatives around those we help – while providing you with significant tax advantages. Innovative donor opportunities facilitate the robust relationships with our grant beneficiaries, partner organisations, and the development of the world's first DV Sanctuary project.
